

# Fair Oaks Gifted Learner Academy #1

## Who Am I?

*Psychology is the scientific study of human thoughts, feelings, and behaviors. In this GL academy we will focus on the process of personal exploration as we apply the psychological principles we discover. Come prepared to learn all about YOU 😊*

**\*Students are required to attend each GL class unless absent due to illness or arrangements have been made for an excused absence. All missed work will be picked up upon their return and due the following class period. Students will enhance their learning as they come prepared with their planner, GATE folder, and positive attitude. Class will meet in the cafeteria unless otherwise noted.**
